

Good morning! Happy Friday!

Next Monday, April 27<sup>th</sup>, Charlotte Young and Christa Campbell will be back in the spotlight on Channel 3. Please check out their live production at 9:30! It will reply at 4:00. They were such of a hit the first go around, Central Office asked them for another session. I'm very proud of these two and grateful for the time they are giving teaching Murfreesboro City students.

Beginning Monday, April 27<sup>th</sup>, Library book bins will be placed near the entrance of the school for families to drop-off library books. We will have the bins outside from 8-12 Monday-Friday of next week. We have over 600 books checked out to our students. Our kids love books and in order for us to maintain the amount and level of options available for students, we need our books returned. We are very grateful for your assistance.

I will be releasing information next week about Discovery's process of picking up student belongings. Please check email and Dojo for this information. It will be vital for all to follow the process.

In the past some families have shown appreciation through gifts or other items of gratitude for faculty and staff and may have the idea to drop off those items during the student pickup. While we appreciate your thoughtfulness, due to the protocols and need to ensure safety for all, we cannot accept gifts that are brought to school. My suggestion as a parent as well, would be to look at online options (such as Amazon, Target, etc) if you are wanting to do end-of-the-year gifts.
