

Good morning Discovery!!! Below is some information that I wanted to share with you today! I hope all is well with your families.

Opportunity for instruction from MCS educators:

Our City TV, Channel 3, will broadcast 30 minutes of instruction by MCS teachers at 9:30 and 4:00 each day. This week, the programs will be taped; beginning next week, they will be live.

These, along with other activities, will also be on the Murfreesboro YouTube Channel under our own playlist. <https://www.youtube.com/user/cityofmurfreesboro/playlists> then MCS Home.

From Cindy Cliché (District Math Coordinator)

Fluency Game: Here are some links for games that can be played with materials students would have at home.

- Race to 20 by Marilyn Burns: <http://www.marilynburnsmathblog.com/race-for-20—a-counting-game-for-all-ages/>
- Paper and Pencil Games: <https://mailchi.mp/mathforlove/more-support-for-math-at-home>
- Dice Games: <https://mailchi.mp/mathforlove/dice-games-for-math-at-home>

Online registration is open for families of current students. Kindergarten registration has not been logistically worked out with the state and Central Office and when the plan has been created, I will share with families.

Also, your child's grades are available on Skyward.

Have a blessed day!

Kristina Maddux
